

**General Construction:** Heavy duty dayroom table featuring all steel construction, fully welded and ground smooth. Choose from our seat and top configurations along with finish options to get just the right table for your facility. This unit is commonly found in dayrooms, group cells, and other multiple occupancy areas.

**Seat & Table Tops:** Octagonal (for table) or round (for seat) one piece steel fully welded with edges rounded. The top of your choice (from the options below) is welded evenly to a mild steel backing plate increasing support.

**Tube Supports:** 4" square (3/16" wall) mild steel vertical tube continuously welded to floor mounting plate and underside of top reinforcement plate. 3" square (3/16" wall) mild steel square tubes extend from center pedestal to underside of seat tops with continuous welds throughout.

**Floor Anchorage:** 3/8" thick x 18" square mild steel plate with (x4) 9/16" holes per plate. Plate is continuously welded to vertical support tube (anchors not included in purchase).

**Finish:** Powder coating: Durable and long lasting. Please refer to Viking Products standard color chart for options.

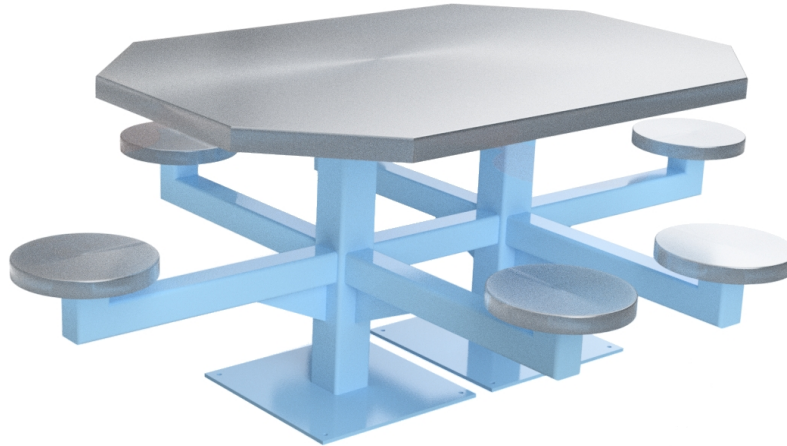

Primer: Shop applied red or gray oxide. Short term protection.

Stainless steel tops: #4 finish.

**Assembly:** Shipped fully assembled.

**Shipping:** Arranged by Viking Products based on final scope of work.

**Warranty:** 1 year warranty (from date of final completion) against poor construction or manufacturer defect. This does not warrant against abuse or product tampering.
